## ABOUT SEALSMART PACKAGING INDUSTRY

At **SealSmart Packaging**, we specialize in providing high-quality self-adhesive tapes designed for diverse industrial and commercial applications. With a commitment to innovation, durability, and superior performance, we cater to industries such as packaging, logistics, construction, automotive, and manufacturing.

Our product range includes **BOPP tapes, masking tapes, double-sided tapes, foam tapes, PVC electrical tapes, floor marking tapes**, and more—each designed to meet the highest industry standards. Whether for sealing, bonding, insulation, or safety marking, our solutions ensure reliability and efficiency.

Backed by advanced manufacturing techniques and a customer-centric approach, we strive to deliver **premium-quality adhesive solutions** that enhance productivity and provide lasting value. At **Seal Smart Packaging**, we don't just sell tapes—we build trust, ensuring every seal is strong, secure, and smart.

# BOPP SEGMENT

## BOPP PACKAGING TAPE CLEAR

**Feature:** Strong adhesion, high tensile strength, lightweight, and cost-effective.

**Adhesive:** Water-based.

**Application :** Ideal for carton sealing, packaging, bundling, and general-purpose use.

## BOPP PACKAGING TAPE SUPER CLEAR

**Feature :** High transparency, durable adhesion, and smooth application.

**Adhesive:** Water-based

**Application :** Used in carton sealing, gift wrapping, decoration, and packaging machines.

## BOPP PACKAGING TAPE BROWN

**Feature :** Strong hold, tear-resistant, and reliable for heavy-duty sealing.

**Adhesive :** Water-based

**Application :** Suitable for medium to heavy carton sealing, bundling, and strapping.

## BOPP PACKAGING TAPE CUSTOMIZED PRINTING

**Feature:** Custom branding with high-quality print, strong adhesion.

**Adhesive:** Water-based

**Application :** Used for branding, carton sealing, and secure packaging solutions.

PVC TAPES

# PVC ELECTRICAL TAPES

## PVC ELECTRICAL TAPES

**Feature** : Flame-retardant, high voltage resistance, and UV-resistant.

**Adhesive** : Rubber-based

**Application** : Used for electrical insulation, wire bundling, and general electrical work.

## PVC WARNING TAPES

**Feature** : Water-resistant, durable, and high visibility for marking hazardous areas.

**Adhesive** : Rubber-based

**Application** : Ideal for electrical insulation, safety marking, and hazard identification.

## ANTI SLIP TAPE

**Feature** : Prevents slipping, waterproof, strong self-adhesion, and eco-friendly.

**Adhesive** : Water-based or Solvent-based

**Application** : Used in indoor and outdoor areas to prevent accidents on slippery surfaces.

# DOUBLE SIDED SEGMENT

## DOUBLE SIDED TISSUE TAPE

**Feature** : Strong adhesion, thin and flexible, easy to tear by hand.

**Adhesive** : Solvent-based or Hot melt.

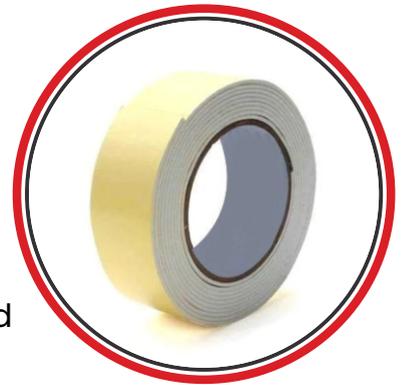

**Application** : Ideal for paper splicing, mounting nameplates, fixing lightweight objects, and general-purpose bonding.

## DOUBLE SIDED EVA FOAM TAPE

**Feature** : Shock-absorbing, high-strength adhesion, excellent cushioning.

**Adhesive** : Solvent-based or Acrylic.

**Application** : Used in automotive, glass mounting, signage, and electronic applications.

## DOUBLE SIDED ACRYLIC FOAM TAPE

**Feature** : High-performance bonding, weather-resistant, and long-lasting durability.

**Adhesive** : Acrylic

**Application** : Suitable for industrial assembly, automotive trims, glass panel mounting, and structural bonding.

# MASKING & SPECIALTY TAPES

## GENERAL PURPOSE MASKING TAPE

**Feature:** Medium adhesion, clean removal, and smooth application.

**Adhesive:** Rubber-based

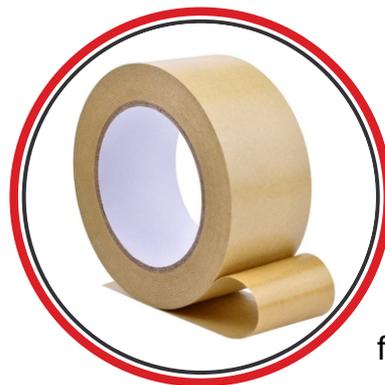

**Application :** Used in painting, surface protection, bundling, and labeling.

## CLOTH / DUCT TAPE

**Feature:** Strong, waterproof, tear-resistant, and highly flexible.

**Adhesive:** Rubber-based

**Application :** Ideal for sealing, bundling, repair work, and heavy-duty industrial use.

## KRAFT TAPE

**Feature:** Eco-friendly, high adhesion, and reinforced durability.

**Adhesive:** Water-activated or Hot melt.

**Application :** Used for carton sealing, packaging, and environmentally friendly applications.

# MASKING & SPECIALTY TAPES

## ALUMINIUM TAPE

**Feature** : Heat-resistant, moisture-proof, and strong sealing performance.

**Adhesive** : Acrylic or rubber-based.

**Application** : Used for HVAC, insulation, duct sealing, and electrical shielding.

## BAG SEALING TAPE

**Feature** : Secure sealing, tamper-resistant, and strong adhesion.

**Adhesive** : Solvent-based.

**Application** : Used in poly bags, courier packaging, and retail sealing.
